

## ***CBR202302: Immunosuppressive Drugs***

### **Guidance and Considerations**

#### **Caution**

**As you perform your internal compliance reviews, keep the following in mind:**

Immunosuppressive drug billing is vulnerable to improper payments, particularly as the result of insufficient documentation and medical necessity errors.

**Source:** [2022 Medicare Fee-for-Service Supplemental Improper Payment Data](#). U.S. Department of Health and Human Services. CMS.gov.

#### **Review**

Review documentation and choose your use of modifiers carefully, following all guidelines and expectations assigned to the modifier use.

#### **Implement: Immunosuppressive Drugs**

**Help reduce the possibility of improper payments by taking the following actions:**

- Confirm the correct use of modifier KX
- Review Healthcare Common Procedure Coding System (HCPCS) modifiers to ensure correct code assignment
- Perform regular internal reviews of documentation and code selection to ensure accuracy and compliance
